Aug 2017 –   **Technical University of Denmark (DTU), Denmark**
MSc in Computer Science and Engineering. Master's thesis in deep learning. Current GPA: 9.1 (-3 to 12)

Aug 2016 - Dec 2016   **Exchange: University of Illinois at Urbana-Champaign, USA**
Exchange study.

Aug 2014 – June 2017   **Technical University of Denmark (DTU), Denmark**
BSc in Software Technology. Thesis about security in Internet of Things systems. Final GPA: 9.9 (-3 to 12)

TECHNICAL

Computer Science
My BSc and MSc is focused on computer science and software engineering. In my studies my skills have been developed using Java, Python, C, C++, SQL, functional programming and more. I have studied topics such as algorithms, computer security, and artificial intelligence. I am now writing my thesis in the field of deep learning.
